### **fabric covered buttons**

A six inch (15cm) square of your fabric will make up to 10 buttons up to size 36". For larger button sizes send triple that amount. If you want covered backs we will also need fabric for that.

Please ensure that you use our button size guide (on page 3) to ensure you get the size you want and remember that buttons are sized in lignes (pronounced "lines").

We can work with any measurement units, e.g lignes, inches or millimetres but if you don't specify **we will assume you mean lignes...**

### **special cutting**

to make each button from a specific part of the fabric.

**20p** extra per button.

**40p** extra for two-fabric buttons

### **metal rims**

**68p** extra per button.

Can be fitted to dome, flat, sew-through, two-eyelet, four-eyelet, maddy, pearl & opal buttons. Only available in gold or silver, in sizes 24, 28, 32, 36 & 44.

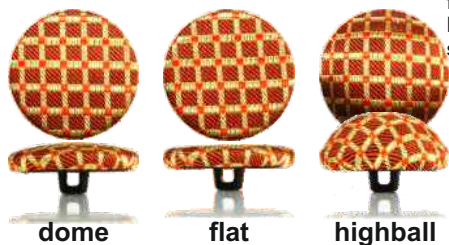

### **extra layers of faric**

**20p** extra per button.

e.g. chiffon over silk or lace over satin.

**soft belt £26**

This is a soft fabric belt ideal for a raincoat, etc. Fabric front and back with a single row of stitching as standard. Choose from any of the slip thru buckles; or choose any buckle with prong and 5 eyelets **£7** extra.

Shown here with a second row of stitching; **£6** extra. *Finished with a pointed end as shown or with a square end £4 extra.* Send us 3x the belt width x the finished length plus 10cm of your fabric plus a 15cm square for the buckle.

#### **rouleau loops 92p each**

Rouleau loops perfectly spaced and uniform length for a professional finish, supplied on a tape ready to sew into the seam. 30cm x 50cm makes 10 loops with buttons.

Spacings available are 11mm, 13mm, 16mm or multiples of those sizes. A "traditional" wedding dress typically has size 18 (11mm) highball buttons with the loops spaced at 13mm. This gives 2mm between each button for a "close-spaced" look.

If you have any queries ring us; we'll need the total length of the opening, size of buttons and spacing. If you are not ordering the buttons from us as well then send a sample for sizing.

**Loops and matching covered buttons £1.28 each**  
 sizes 14 - 18 dome or highball only  
 Use two separate order slips for loops & buttons

Loops are supplied on a tape ready to sew into the seam.

#### **pipng £7per metre**

Piping is made from 4cm bias strip and like the loops come ready to be sewn in to the seam. State your preferred cord size.

#### **scarves & scarf edging**

##### **scarf £21**

two pieces of fabric stitched back-to-back

##### **scarf edging £6 per metre**

rolled-edge hemming suitable for headscarves, sarongs, etc.

**rouleau spaghetti**  
£7 per metre.

Traditional rouleau spaghetti is made from 4cm bias-cut strips to form a "spaghetti" approximately 3-4mm diameter.

This is then used either to lace the bodice through eyelets as in the picture left, or else through loops made from the same rouleau - see opposite.

Send us 4cm bias cut strips 20cm longer than the required length.

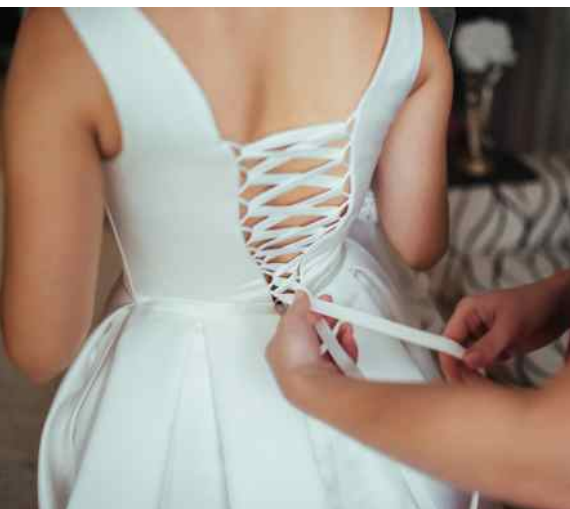

**bodice eyelets £7 plus £1 per eyelet**  
Eyelets are reinforced suitable for lacing.  
Colour matched to your fabric or gold or silver.  
See p5 for colours.  
**NB** if you send a complete bodice we will return it by courier and charge accordingly.

**rouleau spaghetti with cord inside**  
£8 per metre.

**bodice modesty panel £18**

Tell us the dimensions and send two pieces of fabric 5cm longer and wider.

**flat spaghetti £8 per metre.**  
**loops for flat spaghetti 92p**

For a more contemporary look go for "flat" spaghetti with loops to match. This is made from 5cm bias-cut strips and the loops look best close-spaced as in the photos.

Send us 5cm bias cut strips 20cm longer than the required length.

1. Complete order form which you have printed from our website or alternatively include a note with all the following information : Full name, email address, postal address and full details of your order (including quantities, measurements, style and any additional extras and upgrades)
2. Cut out and complete order slips (below on both sides of this page) with details of each separate item you wish to order.
3. Cut out a 2cm square of your fabric and staple it to the slip with the right side facing out.
4. Securely pin the slip to the rest of the fabric. Please send enough fabric - scraps can be returned at a cost of £4.50.
5. Package up your order and send to: Harlequin, Shop Road, Little Bromley, Manningtree. CO11 2PZ.

**Please note :** Royal Mail's size pricing means an envelope containing any fabric will almost certainly require more than a first class stamp. Orders with postage unpaid will delay your order around 2-3 weeks and any outstanding charges will need to be paid before receiving your order.

Fabric is assumed to have zero value and we don't keep any scraps. We can return surplus fabric at a charge of £4.50

It is very rare that we take longer than stated above but we can get very busy at odd times of the year and sometimes our staff like to go on holiday so please ring in advance if your order is any way time critical.
